FEATURES

Modern LED Light

Advanced technology for better road illumination.

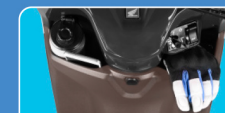

Digital Meter Panel

Keep track of your riding with an easy-to-read display system.

Power Outlet

An electrical power supply for your gadget's battery charger.

Spacious Inner Rack

Have additional easy-access storage for your personal belongings while riding.

Secured Key Shutter with Seat Opener

Operate your bike with more convenience when on a standstill through the magnetic safety ignition and seat eject button features.

Park Brake Lock

Get added safety and convenience when on a standstill through a lever lock that keeps your brakes engaged.

Stylish Tail Light

Enhance your visibility and security on the road with integrated signal lights and fender on your rear.

Stylish Decals

Make a stylish statement with a striking graphic decal design.

Stylish Muffler and Pillion Step

Turn heads with the seamless and classy design of the Muffler and Pillion Step.

Tubeless Tires and Front Disc Brake

Feel confident in every stop and turn with safety features you can rely on.

Side Stand Switch

Turns off the engine automatically when you switch down your side stand.

Enhanced Smart Architecture Frame

Ride with more comfort and stability with Honda's lightweight body frame.

Perform proper braking with ease. By pulling the left lever, the brake force is proportionally distributed to the front and rear brakes.

Get excellent performance with better fuel efficiency and environment-friendly emissions through Honda's innovative engine.

A revolutionary Honda innovation, this air-cooled engine is a brilliant combination of power and fuel efficiency for a solid and compelling ride experience.
